PROJECTS

Serenity Connect - Mental Health Support Community (https://serenity-connect.netlify.app)
Developed a MERN stack web application to provide a comprehensive mental health support platform. Key features include user authentication, access to mental health resources, self-assessment tools, anonymous discussion forums, and connections to licensed therapists. The platform fosters community engagement, offers personalized wellness tips, and enables users to join support groups in a stigma-free environment.

WORK & EXPERIENCE

Graphic Designer at PrintCity   FEB 2024- PRESENT
- Designed and created high-quality visiting/business cards, letterheads, and other print materials tailored to client specifications.
- Utilized tools like CorelDRAW to produce visually appealing and professional designs.
- Worked closely with the print production team to ensure design accuracy and quality in final outputs.
